# INNOVATION

ILLUMINATION SYSTEMS

## Welcome, 2020!

We hope you and your loved ones had a relaxing holiday season and that the first month of the new decade went smoothly! We are excited for all the new and upcoming opportunities of 2020!

## Online - New and Improved

We are thrilled to announce the launch of our newly-redesigned website. Our site features an [interactive line card](#), hosted by The Lighting Exchange, that allows you to build project concepts and set custom parameters for searching directly on the site. It also features a [catalog of online Revit files](#) for quick access, as well as a comprehensive Quick Ship library.

**ILLUMINATION SYSTEMS** ABOUT CONTACT LINE CARD CONTROLS DESIGN RESOURCES QUICK SHIP NEWSLETTER

**SHAPER SENSE**

Shaper Sense is an award-winning, industry leading integrated acoustic and lighting product line that also includes wireless controls options.

**WHAT'S TRENDING**

**LUMENWERX HEX**

Already an industry leader in LED performance and aesthetics, Lumenwerx has taken it one step further with the Hex. The modular design allows for specification of this product on a wide range of projects.

**LXS LUXESCAPE**

The Invue LuxeScape Collection presents a contemporary, architectural dayform design with industry-leading visual comfort WaveStream™ LED optics to provide uniform illumination, while managing glare with high levels of visibility.

**MODE SPLIT**

The wall or ceiling mounted Mode Split Outdoor LED flood/accent light from Tech Lighting features a minimalist tubular profile with a unique "split" design that features 2 semi-circular arms that can be a med together or independently ideal for accent lighting, wall grazing, or ambient exterior illumination.

Make sure to follow us on on [Facebook](#), [Twitter](#), [Pinterest](#) and [LinkedIn](#) for quick updates, interesting news, upcoming events, and all the latest and greatest from Illumination Systems!
