ILLUMINATION SYSTEMS

COOPER HALO SMD - NOW WITH EM!

The Halo SMD6 is now available with [emergency battery backup](#)!

Combining a modern look and high performance, this ultra-low profile, surface-mount downlight is designed for new construction, remodel and retrofit applications. These 6" lens downlights simply install directly to a junction box or can retrofit 6" insulated ceilings (IC) and non-IC recessed housings and feature 5 CCT selectability.

NEW! LUMENWERX ELIA

Volumetric light is redefined by [Elia](#), a family of decorative luminaires that feature LED arrays illuminating both inward and outward simultaneously from housing offered in round, square, rectangle, oval, and multiple shapes. Elia fixtures create distinct luminous volumes, perfect for making a statement, enhancing a style, inserting a focal point, or adding character to any interior setting. For spaces that require a decorative lighting fixture, an element of design, and a work of art, Elia speaks volumes.
